BOARD OF DIRECTORS SPECIAL MEETING

Monday June 27, 2022 @ 6:30 pm

The meeting will be held in a conference room at 1700 Keystone Pacific Parkway, Bldg B. or via
https://us02web.zoom.us/j/85076503872?pwd=N_QWYFCf8pw0s26_8Nz_VWtALkVOuK.1

PUBLIC COMMENT PERIOD: Matters under the jurisdiction of the Board, and not on the posted agenda, may be addressed by the general public at the beginning of the regular agenda. If you wish to speak on an item on the agenda, you are welcome to do so during consideration of the agenda item itself. If you wish to speak on a matter that does not appear on the agenda, you may do so during the Public Comment period, however California law prohibits the Board from acting on any matter which is not on the posted agenda unless it is determined to be an emergency by the Board of Directors. Persons speaking during the Public Comment will be limited to five minutes or, depending on the number of persons wishing to speak, it may be reduced to allow all members of the public the opportunity to address the Board. Public comments must be addressed to the board through the President. Comments to individuals or staff are not permitted.

CONSENT CALENDAR: These matters include routine financial and administrative actions and are identified with an asterisk (*). All items on the consent calendar will be voted on as a single action at the beginning of the meeting under the section titled "Consent Calendar" without discussion. If you wish to discuss an item on the Consent Calendar, please notify the Clerk of the Board prior to the beginning of the meeting or you may speak about the item during Public Comment Period.

REGULAR CALENDAR: These items will be individually discussed and include all items not on the consent calendar, all public hearings, and correspondence.

CLOSED SESSION: Is the portion of the meeting conducted in private without the attendance of the public or press to discuss certain confidential matters specifically permitted by the Brown Act. The public will be provided an opportunity to comment on any matter to be considered in closed session prior to the Board adjourning into closed session.

ANY MEMBER OF THE AUDIENCE DESIRING TO ADDRESS THE BOARD ON A MATTER ON THE AGENDA: Please raise your hand or step to the podium at the time the Board President announces the item. In order that interested parties have an opportunity to speak, any person addressing the Board will be limited to a maximum of 5 minutes unless the President of the Board grants a longer period.

BOARD AGENDAS AND MINUTES: Board agendas and minutes are typically posted on the Internet on Friday afternoons preceding a Monday meeting at the following website: <https://dphealth.specialdistrict.org/board-meetings>.

Materials related to an item on this Agenda submitted to the Board after distribution of the agenda packet are available for public inspection in the District office at 875 E Street, Patterson, CA during normal business hours. Such documents are also available online, subject to staff's ability to post the documents before the meeting, at the following website <https://dphealth.specialdistrict.org/board-meetings>.

NOTICE REGARDING NON-ENGLISH SPEAKERS: Board of Director meetings are conducted in English and translation to other languages is not provided. Please arrange for an interpreter, if necessary.

REASONABLE ACCOMMODATIONS: In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Clerk of the Board at (209) 892-8781. Notification 72 hours prior to the meeting will enable the District to make reasonable arrangements to ensure accessibility to this meeting.

Cell phones must be silenced or set in a mode to not disturb District business during the meeting.

B. FY22-23 Budget 1st Draft

Ms. Freese reviewed the first draft summary of the FY22-23 budget. Due to inflation, there is a 5.0% increase in operating expenses included. The proposed budget also reflects the 13% increases in hourly wages (which have been adopted) and a 3.5% increase for salary employees.

On the income side we calculated the ambulance with the same number of transports but added \$108,000.00 to reflect the additional amount we anticipate collecting from MediCal's increased reimbursement. We also calculated the number of visits to the Health Center based on 4 providers and the LCSW. However, we will have 2 providers out part of the year on leave. We also anticipate an increase in prospective payments and incentive payments. The tax revenue remains the same.

We were very conservative in all our estimates. The Finance Committee will review the detailed proposed budget and bring a proposed budget to the June meeting.

C. Review of Logo Designs

Ms. Freese presented a review of the designs that the crowd source provided, and the Board voted on. Discussion was had regarding whether these designs provided rebranding or were just a remake of our current logo. Benefits of using a professional marketing firm to actually provide rebranding direction were presented. The Board agreed to send out a Request for Proposal (RFP) to marketing firms to get competitive bids on the process.

D. Request for Proposal – Conceptual Design

BOARD OF DIRECTORS MEETING
May 23, 2022 @ 6:30 pm
Board of Directors Minutes

Ms. Freese did research after the last board meeting to see if it was feasible to send a RFP for Conceptual Design. In doing so, she spoke with a person at Cambria Healthcare District, where they had built an ambulance building. She inquired if they had sent a RFP for Conceptual Design. As it turns out, they did. So, she asked to use the RFP. When they asked the Board President if they could share, she recognized Ms. Freese from earlier networking at associations functions and was glad to be able to share. They had a board member who is a retired architect who had written the RFP. It was modified to meet our needs and is included in the packet.

The RFP is written with a cost blind process. The board discussed this and decided they would prefer to have the costs known so they can do a total comparison.

Ms. Henning stated that she had reviewed the RFP process with Council and found out that a vote is not required for the RFP.

Ms. Freese vetted architect firms within a 75 mile area that had worked on ambulance buildings, fire stations, or other public type facilities and located 7. So, the proposal is to send the RFP to these firms.

After discussion the Board is in favor of having the RFPs sent.

B. Del Puerto Hospital Foundation – Director Mac Master – No Report

C. Ambulance – Director Paul Willette

Mr. Willette reviewed the monthly report. He reported that over the weekend the county put the ambulances on Round Robin. This meant whenever they had a transfer, they would call it in and have to transport to whatever hospital. Some of our ambulances ended up in Oakdale.

The corrected March report is included with the correct mutual aide numbers.

D. Health Center – Manager, Suzie Benitez

Ms. Benitez reviewed the monthly report. The numbers are up compared to last year. The Health Center seems to be recovering. Behavioral Health is following up closely on missed visits. The LCSW calls patients with reminders and then calls missed appointments and reschedules them quickly.

There were no positive Covid patients in April.

E. Administration – Administrative Director/CEO, Karin Freese

Ms. Freese presented a written report. There is a Leadership Academy the 3rd week of September. Director Avila will be attending. Also, at the same time there is an ACHD conference in Anaheim. Ms. Freese reminded the board members that there are funds to send board members for education.

Ms. Freese reported that the county decided to spend their budget surplus funds, which they received from the state, on infrastructure projects and the City of Patterson will be issuing grants funds (yet to be determined) with the funds that they received.

4. **Approval of Expense Reimbursement per Election Code 10010(f)(3)**

Ms. Freese reviewed the history. Attorney Shenkman had sent a letter alleging a possible violation of the California Voting Rights Act (CVRA). Although, the District believes there is no dilution of the Hispanic voting power as Hispanics/Latino's are currently the majority citizen voting age population in the district's geographic boundaries, the District decided to proceed with the process of creating five election districts to avoid being sued and having to defend a claim of violation of the CVRA. If our defense lost, the District would have to pay the legal fees of the other party which in other CVRA lawsuits has total hundreds of thousands of dollars.

The law provides that if an allegation is made and after notification the district proceeds to adopt election districts then the party who alleged the possible violation is entitled to expense reimbursement up to \$30,000. As legally required, within 30 days after the District's adoption of districted elections, Mr. Shankman demanded reimbursement of \$30,000 in legal expenses to prepare the alleged violation. We replied in a letter to Mr. Shankman challenging his alleged violation and requested details of the expenses. Since the district adopted districted elections, the law is clear. The alleged is entitled to expenses reimbursement up to \$30,000. Shankman replied with a detailed accounting of his legal fees @ \$815.00 per hour but no additional details on the demography expense of \$11,000. He stated his fees have been approved by prior courts and if we did not agree to pay his expenses, he would take legal

action against the District. It would cost \$25,000-\$50,000 to defend, plus we would only get a possible reduction of the fees and likely pay their additional legal costs to collect.

We will attempt a final negotiation to reduce the claimed amount. Although Mr. Shenkman claims to have spent hours in preparation, his allegation letter was a form letter still containing the name and initials of the water district he previously sent the same letter with only minor changes. The request is to authorize the staff to attempt to reduce the expense, but if necessary, pay up to \$30,000 in reimbursement.

DEL PUERTO HEALTH CARE DISTRICT

Board of Directors

RESOLUTION NO. 2022-09

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE DEL PUERTO HEALTH CARE DISTRICT PROCLAIMING A LOCAL EMERGENCY, RATIFYING THE PROCLAMATION OF A STATE OF EMERGENCY DATED MARCH 4, 2020, AND AUTHORIZING REMOTE TELECONFERENCE MEETINGS OF THE LEGISLATIVE BODIES OF THE DEL PUERTO HEALTH CARE DISTRICT FOR THE PERIOD JUNE 27, 2022, THROUGH JULY 27, 2022, PURSUANT TO BROWN ACT PROVISIONS.

WHEREAS, the Del Puerto Health Care District is committed to preserving and nurturing public access and participation in meetings of the Board of Directors; and

WHEREAS, all meetings of the Del Puerto Health Care District's legislative bodies are open and public, as required by the Ralph M. Brown Act (Cal. Gov. Code 54950 – 54963), so that any member of the public may attend, participate, and watch the District's legislative bodies conduct their business; and

WHEREAS, the Brown Act, Government Code section 54953(e), makes provisions for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions; and

WHEREAS, a required condition is that a state of emergency is declared by the Governor pursuant to Government Code section 8625, proclaiming the existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by conditions as described in Government Code section 8558; and

WHEREAS, a proclamation is made when there is an actual incident, threat of disaster, or extreme peril to the safety of persons and property within the jurisdictions that are within the District's boundaries, caused by natural, technological, or human-caused disasters; and

WHEREAS, it is further required that state or local officials have imposed or recommended measures to promote social distancing, or, the legislative body meeting in person would present imminent risks to the health and safety of attendees; and

WHEREAS, the Board of Directors previously adopted a Resolution, Number 2021-08 on September 29, 2021, finding that the requisite conditions exist for the legislative bodies of Del Puerto Health Care District to conduct remote teleconference meetings without compliance with paragraph (3) of subdivision (b) of section 54953; and

WHEREAS, as a condition of extending the use of the provisions found in section 54953(e), the Board of Directors must reconsider the circumstances of the state of emergency that exists in the District, and the Board of Directors has done so; and

WHEREAS, emergency conditions now exist in the District, specifically, continuing impacts from the Covid-19 pandemic that resulted in the proclamation of a State-wide public health emergency by Governor Gavin Newsom on March 4, 2020, that remains active with modified restrictions as set out in the Governor's Executive Order N-08-21; and

WHEREAS, Stanislaus County California, within which the Administrative offices of the Del Puerto Health Care District are located, currently maintains a Public Health Emergency Isolation Order a Public Health

DEL PUERTO HEALTH CARE DISTRICT

Board of Directors

Emergency Quarantine Order and a Public Health Indoor Mask Order pursuant to the Health and Safety Code Sections 101040, 101085, 120175, 120215, 120220 and 120225; and

WHEREAS, the Board of Directors does hereby find that the ongoing Covid-19 pandemic, AND Local Public Health Department social distancing and masking requirements are indicative of existing continuing conditions that have caused, and will continue to cause, conditions of peril to the safety of persons within the District that are likely to be beyond the control of services, personnel, equipment, and facilities of the District if its governing body were to meet in person, and desires to proclaim a local emergency and ratify the proclamation of state of emergency by the Governor of the State of California; and

WHEREAS, as a consequence of the local emergency, the Board of Directors does hereby find that the legislative bodies of the Del Puerto Health Care District shall conduct their meetings without compliance with paragraph (3) of subdivision (b) of Government Code section 54953, as authorized by subdivision (e) of section 54953, and that such legislative bodies shall comply with the requirements to provide the public with access to the meetings as prescribed in paragraph (2) of subdivision (e) of section 54953; and

WHEREAS, the Del Puerto Health Care District has and will provide remote access to meetings, an ability to comment on each agenda item, will provide a roll-call vote on each action item, and will otherwise comply with the requirements of AB 361 (2021).

NOW, THEREFORE, THE BOARD OF DIRECTORS OF THE DEL PUERTO HEALTH CARE DISTRICT DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. Recitals. The Recitals set forth above are true and correct and are incorporated into this Resolution by this reference.

Section 2. Affirmation that Local Emergency Persists. The Board hereby proclaims / affirms that a local emergency now exists throughout the District, and in-person meetings at the facilities available to it are insufficient to adequately provide opportunities for social distancing or other health directives of Stanislaus County for assemblies of moderate to large groups of persons including members of the public, that are consistent with those requirements.

Section 3. Re-Ratification of Governor's Proclamation of a State of Emergency. The Board hereby ratifies the Governor of the State of California's Proclamation of State of Emergency, effective as of its initial issuance date of March 4, 2020, which state of emergency has continued in place until further notice and which has been the subject of restrictions most recently amended in Executive Order N-08-21.

Section 4. Remote Teleconference Meetings. The Administrative Director / CEO and legislative bodies of the Del Puerto Health Care District are hereby authorized and directed to take all actions necessary to carry out the intent and purpose of this Resolution including, conducting open and public meetings in accordance with Government Code section 54953(e) and other applicable provisions of the Brown Act.

Section 5. Effective Date of Resolution. This Resolution shall take effect immediately upon its adoption and shall be effective until the earlier of (i) July 27, 2022 or such time the Board of Directors adopts a subsequent resolution in accordance with Government Code section 54953(e)(3) to extend the time during which the legislative bodies of the Del Puerto Health Care District may continue to teleconference without compliance with paragraph (3) of subdivision (b) of section 54953.

SUBJECT: **Donate Retired 2014 Ambulance to Stanislaus County CERT Program**

STAFF REPORT: Per the district’s ambulance vehicle replacement program, ambulances are typically retired out of the district fleet at ten years of age or 250,000 miles. With the arrival of the 2021 replacement ambulance, the board approved the early retirement of the 2014 ambulance due to excessive maintenance costs, incompatibility with ALS 911 system service, and the age of the 1999 ambulance box mounted on an under-rated 2014 Chevy chassis. The ambulance was decommissioned including removal of reusable equipment and identifying decals. Staff obtained an estimated value of \$7,500 (low \$5,000 – high \$10,000). The intention was to sell the ambulance at public auction.

On Tuesday, June 19, 2022, Ambulance Director Paul Willette received an inquiry from Chris Parnell, Assistant Director of Emergency Services operating within the Sheriff’s Office of Stanislaus County asking if we may know of a Type III ambulance that was being retired from service that might be donated to the Stanislaus County Community Emergency Response Team (CERT) for use as a system support vehicle during large incident responses.

Selling the ambulance for \$1.00 to the Stanislaus County CERT program would serve the public purpose of the health care district by improving health related outcomes associated with emergencies.

CONSIDERATIONS: The 2014 ambulance does not have value to the district as a 911 response vehicle and limited financial value on the open market. Donating this retired ambulance to the Stanislaus County CERT program would support the Westside CERT program, which is being folded into the County Office of Emergency Services for better training, utilization, and access to additional resources. The donation would demonstrate the district’s support of a partner agency in developing emergency preparedness throughout the County and help continue to build strong relationships between public agencies.

DISTRICT PRIORITY: Collaboration with partner, public agencies

Stanislaus County Fire Warden

SUBJECT: Ambulance Donation for CERT Team

The Stanislaus County Community Emergency Response Team (CERT) consists of 21 volunteers that are trained to support First Responders with emergency operations such as Firefighter Rehab, Incident Command Support, Disaster Medical Operations, Disaster Psychology, and Light Search and Rescue. The CERT Program is a FEMA supported program that was established in 1993 due to major disasters in the world that required community members to assist First Responders following a disaster. The Stanislaus County CERT Program educates civilians about disaster preparedness and the hazards that may impact their neighborhood. It will train them in basic disaster response skills needed. The CERT members can provide immediate assistance in their area, organize spontaneous volunteers who have not had the training, and collect disaster intelligence that will assist professional responders with prioritization and allocation of resources following a disaster. Since 1993 when the CERT team training was made available nationally by FEMA, communities in 28 States and Puerto Rico have conducted CERT training.

Stanislaus County CERT Leadership and Members have recognized the need for a Mobile Rehab Unit to respond to large incidents in Stanislaus County to support first responders with water, cooling stations, and nutrition. The Stanislaus County CERT Team has been actively looking for a vehicle that can encompass all these needs, they have seen the benefit that an ambulance would provide for rehab operations. With the donation of an ambulance, the CERT Team can convert it into a Mobile Rehab Unit and provide Rehab services to all First Responders in Stanislaus County. The Stanislaus County CERT Team appreciates the consideration and collaboration we have had with Chief Willette and CEO Freese.

SUBJECT: 9.E District Branding & Marketing Proposal**STAFF REPORT:** DPHCD lacks recognition within the greater Patterson area and west side of Stanislaus County as a provider of health care and emergency medical services. The current logo (est. 2006 by an ambulance director) is dated, awkward to use, and in need of refreshing. Staff recommends 1) the district explore possible renaming, 2) the logo and corporate standards be updated, 3) the website be refreshed, and 3) the new identity be promoted.

A Request for Proposal was sent to five central valley marketing firms. Two responded.

RECOMMENDATIONS: Staff recommendation is to work with Gerbo Designs.**DISTRICT PRIORITY:** Increasing recognition in the community**FISCAL IMPACT:** Recommended Strategies are included in the FY 2022-23 Budget

ACHD CERTIFIED HEALTHCARE DISTRICT PROGRAM

Certified Healthcare Districts have demonstrated compliance with a core set of standards in governance, accountability and transparency. Certification is complimentary for members, effective for three years and is an important way to show compliance with California's laws, regulations and best practices in local governance.

**"As a first year member of the Palomar Health Board, this was an invaluable experience. The information was on point, current, and evidence based. I would highly recommend it as an introduction and yearly refresher for those who, like us, strive to provide the very best care to our stakeholders."
- 2021 Annual Conference Attendee**

VALUABLE MEMBER TOOLS

CEO ROUNDTABLE

ACHD hosts a monthly CEO Roundtable for all member district CEOs to connect and brainstorm issues facing their district.

CEO & BOARD EVALUATIONS

ACHD subsidizes the cost of annual board self-assessments and CEO evaluations to assist members in identifying strengths and creating high-performing teams.

GOVERNANCE TOOLKIT

ACHD's governance toolkit is a free member resource that supports district growth in areas such as community engagement, strategic planning and more.

COMMUNICATIONS

Members have access to essential legislative and educational information through the monthly newsletter, *The Advocate*, our Call to Action page and much more.

ADVOCACY

ACHD ensures healthcare districts are represented in the legislature on health care delivery, telehealth, hospital infrastructure, local government, workforce, MICRA, labor relations, public works, workers' compensation and more.

ACHD successfully halted **AB 650** which would have cost health care providers millions in unfunded, mandated COVID-19 hazard pay.

For the first time, ACHD secured a named seat on the **DHCS Telehealth Medi-Cal Advisory Group** to represent healthcare districts' telehealth needs post-pandemic.

Among the number of successful ACHD bills, ACHD was able to support **AB 35**, which preserved the Medical Injury Compensation Reform Act (MICRA).

EDUCATION

ACHD ANNUAL MEETING

Attendees learn strategies to navigate the changing environment of health care, network with other leaders and enhance their effectiveness. The pre-conference Governance Day focuses on relevant topics for healthcare districts.

WEBINAR EDUCATION SERIES

ACHD hosts monthly webinars that are free for members featuring the most relevant topics to healthcare districts. All webinars are recorded and made available for members to watch at any time on-demand.

REGIONAL EDUCATION EVENTS

ACHD offers regional training events throughout California. These events provide districts with the opportunity for tailored training, as well as networking in their local areas.

May 26, 2022

Dear BETA members, HealthPro insureds and partners:

On May 23rd, Governor Newsom signed into law AB 35, which is the bill to modernize California's Medical Injury Compensation Reform Act (MICRA). Since 1975, MICRA has provided California healthcare providers with an affordable and predictable framework of medical liability protections that have been a tort reform model for many other states. After years of political debate and in the face of a ballot initiative this year that would have eviscerated MICRA for most claims, a legislative compromise was reached that will extend the long-term protections of MICRA and provide a reasonable increase to the limits on noneconomic damages for medical negligence beginning on January 1, 2023.

The new law will increase the current noneconomic damages cap of \$250,000 for all medical negligence cases to \$350,000 for non-death cases and \$500,000 for wrongful death cases on January 1, 2023. Thereafter, there will be annual increases over a 10-year period of \$40,000 for non-death cases and \$50,000 for death cases until reaching a total of \$750,000 (non-death) and \$1,000,000 (wrongful death). A 2.0% annual inflation adjustment will apply after the 10-year period of incremental increases. These new caps will apply to all lawsuits filed or arbitrations demanded on or after January 1, 2023.

The new law will also create three separate categories of caps. The caps apply based on the facts of each case and a healthcare provider or healthcare institution can only be held liable for damages under one category regardless of how the cap categories are applied or combined. The new categories:

- One cap for healthcare providers regardless of the number of providers or causes of action
- One cap for healthcare institutions regardless of the number of providers or causes of action
- One cap for unaffiliated healthcare institutions or a provider at that institution that commits a separate and independent negligent act

BETA Healthcare Group is currently working with its actuary to analyze our claims data to determine how the changes to MICRA's non-economic damages cap will impact claims costs after the new law goes into effect. Given the timing of this new law and its uncertain impact on the cost of claims, we do not plan to increase rates on July 1, 2022 beyond what has already been communicated to you by the BETA Underwriting Department. While we believe that the changes to the MICRA non-economic damages cap will impact BETA's future rates, we intend to conclude our actuarial and underwriting analysis before determining a fair and reasonable approach to passing these additional costs along to our members and insureds. For renewals after July 1, 2022, we will give you as much advance notice as possible about future rate increases.

In the meantime, if you have any questions or concerns, please do not hesitate to contact me, the BETA Underwriting Department or your broker. We appreciate your loyalty and patience as we adjust our underwriting to the new MICRA changes.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Corey Grove".
